"Flexileads are acceptable on trial grounds unless you are found to not be paying attention to spatial needs of other dog teams. You must remain vigilant so all teams may have a pleasant experience.

Dogs In Need of Space (DINOS) are welcome. If handlers would like to take advantage of a separate parking area for dogs in need of space or dogs in heat, volunteers will guide you there. Please walk dogs at a distance at 10Ft. Volunteers will be onsite to help escort participants to and from the search area.

All persons should be sensitive and respectful to all dog's spatial needs. A red bandana is preferred to differentiate dogs in need of extra space. Please provide your own.

Handler running multiple dogs A handler can run multiple dogs in a TOT. At this trial, a handler may participate in only one qualifying search per class. An alternate handler may run the 2nd dog, to earn qualifying searches in that level. One person can run one dog per level or run each dog in separate levels.

Who can compete? Any and all dogs that are 10 months or older, on the day of the trial or the Target Odor Test (TOT), are eligible to compete. Dogs with disabilities are welcome. Please review the rules for proper steps to enter dogs with disabilities. As always, please pick up after your dog.

What if I don't pass the TOT? You can still play!! Dogs must have passed Target Odor Tests (TOT) in order to compete in the level they are signed up for. Successful TOT pass (or equivalent) in Birch is required to compete in Novice level. Successful TOT pass (or equivalent) in Birch, anise and clove is required to compete in advanced or excellent levels. If your dog does not pass the required odors for their assigned levels you can still play in the trial as FEO (For Exhibition Only) for the day.

My dog has a title from a different scent detection organization (i.e. Nose Work), do I have to pass a TOT? If you already have passed an odor test in another scent work organization you **do not** have to take the TOT. Please include a copy of your test results when entering your first PSD trial. We will update your account in the PSD website to be used for all future trials you enter.

Do I have to compete in every class? Pick as many or few classes as you like for your dog to play in.

If I successfully title in one class, must I stay in that class level until all 5 classes are finished at that level? When successfully completing one class title, you may move up to the next class level. You are not required to complete all classes first. For example, you finish title requirements in Buildings but not in Exterior. You may move up to Advanced Buildings while continuing to compete in Novice Exterior.

The sign-up sheet for move-ups will be available on Saturday for those who complete a class and wish to move up. This must be requested no later than the end of the trial on Saturday. This will allow us time to adjust the teams in the computer and on run orders.

Awards: Ribbons will be awarded for Q's in all classes to those that qualify. Rosette placement ribbons will be awarded for 1st-3rd place in Novice, Advanced and Excellent classes, Levels, Perfect Day and Rising Star ribbons will be awarded. Metallic placement ribbons will be awarded for dogs competing in metallic divisions.
